TO THE PUBLIC OF THE UNITED STATES.

AN advertisement of Mr. UDOLPHE WOLFE, lately published, as a suppose, intended for the protection of his Schiedam Schapps against counterfesters, has come under my observation, and being engaged in the manufacture of Schiedam Schapps, were I to tet it pass without notice through this medium, I relight be considered among those he denominates "Privites and Fenders of Poison," but the immense paironage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medical viriues, precludes the possibility of the idea that I am included among those he designs to imp gn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps which is manifest to all, since mine has been brought in competition with his. Not only have I succeed in competiting with him in quality, but the constant and increasing demand of my article, has enabled me to furnish it at a less price than he can, or does—say \$2.90 in the dozen. And farihermore, he will soon become estated that his camion to the citizens of the "Southern and Western States" will avail him nothing as far as I am concerned, for the character of my Schiedam Schapps is too well established in those States, to be injured by any such invidious publication.—The motive of his a ivertisement is obvious to every one, and feeling well estafied that all such missiles thrown at me by him will fall harmless at my feet, I will here, for the establement of the public, publish a copy of any Patent Kight, entered in the Southern District of New York, on the 25th day of December, 1856: TO THE PUBLIC OF THE UNITED STATES.

December, 1854: [Copy of Patent Right.] Copy of Patant Right.

SOUTHERN DISTRICT OF NEW YORK, S. S.
Be it remembered. That on the twenty-eighth day of the cember, Anno Domini, 1854, Barnard L. Simpson, of the sant District, hath deposited in this office the title of a print or high, the title of which is in the words of the following, to wit 'Barnard L. Simpson's Arosantic Schiedam Juniper Schinappa a superior Tonic Anti-Dispeptic invigorating Cordini," the right whereof he claims as author and propietor, in conformity with an act of Congress, estitled "An Act to amound he several Acts respecting copy rights."

Clark of the Southern District of New York.

And I have pieneare on this occasion to tender my sincere thanks to the public in general, and to my friends in paricular, for the kind liberality with which they have patronised me from my commencement of this enterprise; and I assure them, that I shall continue to provide them always with a genuine and superior article of Schiedam Schnappe.

P. S.—The word Schiedam Schnappe is derived festa a town in Holland, called "Saindam," which is celebrated as a town in Holland, called "Saindam," which is celebrated as a

We have tested the Pump in all its recommended uses for ordinary purposes—in wells, and as fire engines; and hesitate not to say that it is superior to any pump now in use. It is simple and plain in us construction; can be taken to pieces or put together by any ordinary man, black or white, in half a minute. There is not a screw or bolt about the pump; there is the least imaginable friction—hence its durability. It is almost impossible for it to get out of fix by usage.

JULES HAUKL, Esq., the well known perfuner of Chesnut Street, Philadelphin, whose choice products are found at almost every tolicit, says:

"I am happy to say of your CATHARTIC PILLS, that I have found them a better family medicine for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary virtues for driving out disease and curing the sizk. They are not only effectual, but safe and pleasant to be taken,—qualities which must make them valued by the public, when they are known."

The yenerable Chancellor WARDLAW, writes from Baltimore, 15th April, 1854:

Dr. J. C. Ayra — Sir: I have taken your Pills with great benefit, for the listlessness, langor, less of appetite, and bilious headache, which has of inte years overtaken me in the apring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure, and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN P. REATTY, Esq., Secretary of the Pennsylvania Railroad Office, Pennsylvania Railroad Office, Pennsylvania Railroad Office, Philadelphia, December 13, 1852.

Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Caliarde Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them.

The widely renowned S. S. STEVENS, M. D., of Wentworth, New Hampshire, writes:

"Having used your Carnastic Pills in my practice, I certify from experience, that they are an invaluable purgative. In cases of discribered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy a required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe, qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best cough medicine in the world, and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

what feelings of rejoicing I write, can only be imagined when you realize what I have suffered, and how long.

Never, until now, have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scrip of my head, and destreyed my hair, and has kept me partiy bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks age I commenced taking your Cathertic Pills, and now am entirely free from the complaint. My eyes are well, and my akin is fair, and my hair has commenced a healthy growth; all of which makes, me feel already a new person.

I had failed of any relief by my physician, and from every remedy I chald try, but a few desse of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him, You make included the first of the world, and I am free to say so."

Naw Ontaras, Sih April, 1854.

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefitted by your medicines. My wife was cured two years since, of a severe and dangerous cough, by your Cherry Pectoral, and since then has enjoyed perfect health. My children have several times been cared from attacks of the influenza and croup by it. It is an invaluable remedy for these complaints. Your Calbartic Pills have cured me from a dyspepsia and costiveness, which has grown upon me for some years—indeed, this cure is much more important, from the fact that I had failed to get relief from the best physicians which this section of the country affords, and from any of the numerous remedies I had taken.

DR. J. C. AYER — Honored Sir: I have made a thorough trial of the Cathartic Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first doze relieved me, and a few subsequent doses have entirely removed the disease. HOW DISEASED ACTION RECOMES ESTABLISHED
AND THE BLOODIMPUNE.
Agrest error has long prevailed to the minds of medical
men, "That impurity of the blood is the cause of diseased
action." This is a serious mistake. It is a disturbance of
the circulation, and the establishment of diseased action,
that causes impurity of the blood.
The K. R. R. theory helds the truth of the above maximus,
for if a person he is that causes impurity of the blood.

The st. M. K. theory helds the truth of the above maxims, for if a person be in a state of perfect health, each artery and such misst carry to and from the heart its allotted portion of blood, and when any set of vessels refuse (be the cause what it may) to carry their propertion, the current of blood becomes dammed up; in other words, a congestion takes place, giving pain to a greater or less outent. Here, then, is the beginning of diseased action, which, if not relieved, will soon run tato inflammation, and the disease become established. Diseased action being cace established, the blood becomes impure, and the regularity of action on the part of the liver, stin, bowels, de., is serve to be interrupted, and the general system, by sympathising with the local complaint, becomes involved in the difficulty. That this is the true state of the case, let any one call to mind his symptoms on catching cold. The local difficulty may be a sore throat, which is a congestion of the blood, amounting sometimes to an inflammation about the threat, owing to a previous deranged state of the circulation; and he will remember that his bowels become costive, his liver deranged, or his skin dry and fovertab, its fead stopped up, paim and aches in his bones, joints, down the back, head aches, dicharge of water from the eyes and nose, with many other unpleasant and painful symptoms. Had he used liadway's leady felief when the congestion was setting it, as an application to the threat, and awallowed a dose of the Regulation, the regularity os the part of the liver, skin, bowelse dec., which had been broken in upon by the affects of the sore throat. Mesers. Radway & Co.—I tried your Ready Relief, and had my joints rubbed with it, and I never felt pain after the first ten minutes I was rabbed with it up to the present time. Sirs, I do not know what I compare it to but a charm; for it is a mystery to me. I was cripple for two years, and had not the proper use of my limbs for three years. I was worn down to a skoloton. I liken commenced the use of your Ready Relief, Resolvent, and Regulators. The pain left me in ten minutes, and I began to gain strength very fast, and could wait with case in a few weeks. Refore I heard of your remedies I was taken to Dr. Pärker, Dr. Reese, Dr. Wardie, Br. Macielan, and many other physicians in this city, I cannot how remember. I was completely poiled to pieces by them. My constitution was completely proken up with medicines that did me negoed. I could not put a foot to the ground upr pick up, a pin. I was lived and car ried up and down stairs like an infant; and now, thank God! by the use of your remedies, I am asstrong as even. I had the common rheumatism—infammatory and chronie—and the paley. JEPTHA GARDINER. Timely arrival; Successful efficacy of Madway's Ready Relief.

Dreadon, Wonkly Co., Tonm., Dec. II., 1835.

I, Jeptha Gardinier, of the above place, do publish, that for many years I have been afflicted with Rheamstizan, and on the evening of Docember 20th, 1855, while walking in my yard, I fell with great violence on the ice, brutaing the knee pan very budly. I further certify, that on the above day Mr. John J. Benedict, a travelling agent of Radway & Co., arrived at this place, and hearing of my heavy fait and the terrible compliant that afflicted me, recommended me to apply Radway's Ready Relief, which I did, and in a very short time the pain crased, the swelling absted, and I am now able to walk without the use of my cane, free from pain. I have tried several other remedies, but found no rullef. In cases of extreme pain, Radway's Ready Relief is far preferable to all other remedies. If any one doubte the truth of this certificate, let them cull on me at my residence, or write to me at Dreaden, Tenn., and I will give them fall information.

JEPTHA GARDINIER.

For years Mr. Gardinier had saffiered the torturing pains of Rhoumatism. He was unable to walk without the aid of a stick. On the 19th of December he first tried the R. R. Relief. On the 19th of December he first tried the R. R. Relief. On the 19th was could walk without ald and free from pain. Let all who me crippled or bed ridden think of this.

FEVER AND AGUE. Radway's Ready Rollef and Radway's Regulators are positive curatives for Ague and Fever. Let those afflicted take from two to five of Radway's Regulators every night, and a ten spoonful of Ready Netice in water, on rising in the morning, and twice during the day—these will soon free the system from the poison of agus.

How the R. F. R. Remedies restore consumptives to health, stops the ravages of decay, heats vicers in the lungs and throat, cures asthma, bronchitts, chronic coughts, and all diseases and complaints of the throat, lungs and chest.

Fersons who have been troubled with chronic sors throats, tubercies in the lungs, bronchitts, or giandular affections, are informed that the R. R. R. Remedies will cure them of these terrible diseases on the same principle. Let the Ready Relief be applied externally on the chest and around the throat. This will effect an important and wenderfully beneficial result. It will get up a powerful counterbraiting orce, and withdraw from the giands of the throat all congested blood that may interfere with the replicatory organs. Persons troubled with asthma, hard and difficult breasting, sharp pains when taking a long breath, will find an immediate relief after an application of Radway's Rendy Reisef, in cases where the lungs are discassed, we give Radway's Resolvent. The action of this medicine resolves away the discassed deposit. It heals all ulcers, and removes tubercies. We have known persons, who had no bless of ever fising from a sick bed, to be restored to sound health with not a particle of consumptive material is their bedies to hasten decay. Radway's Regulators, in these cases, keep the system regular, and equalize the circulation of the blood.

The presence of pinples, blotches, pustules, tetters, raah, little sores, painful tichings, hot flushes, dec., are sure indications of the presence of foreign and impure humors in the system, and if allowed to mingle with the blood and remain in the system, corrupting the blood and filling the sewers of the body with impurities, seres and ulcers will break out and cover the body with their repoisive presence.

The skin, under there poisonous influences, becomes an eraptive volcano, exhibiting to the systhe disgusting laws of disease in the form of sait, theum, cancers, ulcers, fewerers, purity flesh, king's evil, and the most frightful eruptions of the skin.

The numerous letters we receive from our various agents, informing us of cares effected in their immediate neighborhoods, warrant us in axing it is one of the best, it not the very best Cough Medicine now before the public, it almost invariably relieves and not unfrequently cares the very worst cases. When all other Cough preparations have failed, this has relieved the patient, as Druggists, dealers in Medicines, and Physicians can bestify. Ast the Ageol in your nearest town, what has been his experience of the effects of this medicine. If he has been selling it for any length of time he will tell you it is the best medicine extant. Hellow we given few extracts from letters we have received histly regarding the virtues of this medicine.

Dr. S. S. Oslin, of Knoxville, Gn., says.—I have been using your liverwort and Tar very extensively in my practice for three years past, and, it is with pleasura 1 state my belief in its superiority over all utiles articles with which arm acquainted, for which it is recommended.

Mesars, Fitzgeraid & Brenners, writing from Wayneaville, N. C., says:—The Liverwort and Tar is becoming daity more popular in this country, and we think justly so. All who have tried it speak in commendable terms of it, and say it is very beneficial alleviating the complaints for which it is recommended.

Our Agent in Pickens District, S. C., Mr. S. R. McPall, assures us that he uses it with great benefit in his own family and recommends it to his neighbors." He gives an instance of a negre woman in his vicinity, who had been suffering with disease of the Lungs for years, attended with sovers cough, who was relieved by the Liverwort and Tar.

Such are the good reports we hear of this Medicine from all parts of the South. For a report of the surprising curse it has performed in the Western and Northern and Eastern States, we would invite the suffering pattent to read the pamphiet which accompanies eac
